

Epoch[0]: [0, 100) generations

Populations (total=1 active=1)

	start	end	growth_rate
pop_0	20000.0	20000.0	0

Events @ generation 100

time	type	parameters	effect
100	Population parameter change	population=-1, growth_rate=0.0035424386046062238	growth_rate → 0.00354 for all populations

Epoch[1]: [100, 750) generations

Populations (total=1 active=1)

	start	end	growth_rate
pop_0	20000.0	2000.0	0.00354

Events @ generation 750

time	type	parameters	effect
750	Population parameter change	population=-1, growth_rate=0	growth_rate → 0 for all populations

Epoch[2]: [750, inf) generations

Populations (total=1 active=1)

	start	end	growth_rate
pop_0	2000.0	2000.0	0
